Attachments: TAP Policy Schedule.pdf

Good afternoon, Sara,

Thank you for this email.

Currently, you are on an STS package policy. These are Town and Parish Council policies that come with set lines of cover and are non-amendable.

Therefore, in order to increase your contents cover as requested, you would need to consider migrating to a tailor-made policy.

We have gone ahead and generate a quote for this migration with the same lines of cover and the inclusion of £20,000 of contents cover. This quote would generate an additional premium of £ 145.60. This would be on top of your renewal quote of £167.44. Therefore, your total revised renewal premium would be £313.04.

Please find your renewal quote attached for your consideration.

If any amendments are needed or if you have any further queries, please let us know.

Let us know whether you wish to proceed in due course.

Kind regards,

Anna Ostrowski

Subject: [EXTERNAL] RE: Your Zurich Town and Parish policy is due for renewal

Dear Alex

I have today paid for the insurance renewal, but at our Parish Council meeting last night, the councillor's requested that we increase the amount under Part C – All risks, total Assets from £10,000 to £20,000. Please can you implement this and let me know how much this will cost – also let us have an invoice for this cover.

Many thanks

Sara

Mrs S Glover

Edith Weston Parish Clerk
