Good evening

We have cut the church yard and cemetery today by mistake the operatives have so we have added this onto today's invoice with discount : however as tommy's close wasn't cut last time we haven't included this on today's.

Kind regards

Good Morning ,

If this hasn't been cut we can do it on the next visit . As it's a new contract we are just getting our bearings. Please bare with us.

For the cemetery and church yard it requires a bit more time and care which reflects in the price however as a good will gesture I'm happy to knock £15 off of each .

Kind regards

Hi Ben

Please can you confirm whether or not you cut Tommy's Close? One of the Parish Councillors walked there yesterday and felt it hadn't been cut – but we have been invoice for this.

Also please can you confirm that the total price for cutting the churchyard and cemetery is £240. Some of the Councillors have come back feeling this is quite high compared to the other areas, so I just wanted to check that was what you were quoting.

Thanks

Sara

Hi

Village all cut

Hope it's okay.

Churchyard and cemetery would be £120 each per cut

Would you like us to add it to the schedule?

Regards Ben

Hi Sara

Unfortunately the mower has a fault so we cannot start until next week now. Sorry for the inconvenience caused, can I meet you next week?
